Previous bills paid off: Grace and Patrick reimbursed

**Motion** to set aside the rules and take an item out of order approved for Agenda item 5d  
"Staffing plans"

- Concerns for a teacher that was placed at the Met due to pink slip issues and is not BPL certified. Wants to know if the SAB can provide any support for petitioning that this teacher be removed. Concerns that treatment of students could constitute verbal abuse. Not technology proficient (student discipline emails sent to wrong parent(s) on more than one occasion.)
- SAB is limited to advising: voice opinions, have discussions, but ultimately the evaluation of staff falls on the principal and district administrators

Public raised issues:

Questions about appropriate use of communications and appropriateness of this discussion in an open forum

Discomfort with emails being sent to large group that are a personal or personnel matter

Testimony to the improvement in use of technology by teacher

Testimony to the value and appreciation of interactions with this teacher

### 4. Reports

#### iii) Principal Report:

Pink Slips, community support needed to ensure that essential personnel are retained

Washington Elementary Campus, process to ensure expansion is ongoing.

Recording Studio will be receiving electricity at some point in the future

Student retention 12 students left, Trying to keep numbers up. Freshmen classes are overburdened

Improve district wide dropout rate

#### iv) Fundraising Report

\$750 donated by SKW Architects to underwrite mentor lunch

~\$360 raised from carwash at Limelight to benefit mentor lunch
